

Summary

Asphalt Surfacing Company has opportunities for self-motivated Asphalt Paving Operators and Heavy Equipment Operators.

Heavy Equipment Operator requires experience in utilizing a combination of construction equipment including front end loaders, hydraulic excavators, backhoes, dozers, skid steers and blades.

Paving Operator responsibilities include operating equipment used for applying asphalt or other materials to driveways, road beds, parking lots, airport runways and taxiways as well as equipment used for compacting gravel, dirt, or other materials. Equipment Includes asphalt paving machine operators, screed operators, skid steer operators, plate packers, distributors, roller operators, and chip spreader operators.

Most work is in the Sioux Falls area with little overnight travel. Advancement opportunities are available.

Asphalt Surfacing Company offers competitive pay and a benefit package including health, dental, vision, life and 401(k).
